

RESURRECTION CHILD DEVELOPMENT

Earthquake Preparedness

It's time to prepare our earthquake emergency packets for our school.

We need the following items for EACH child.

- A **note of reassurance** that you are trying to reach your child as soon as possible. Remind them that their teacher will be with him/her until you arrive and God is watching over them and you.
- A **picture of your family**; please label who's who on the back.
- A **completed FAMILY PLAN FORM** (below). Remember it is easier to call long distance so consider an out of state contact. Have family members use this same person for a single point of contact.

FAMILY PLAN FORM

Child _____ Parent _____

Out of state contact/name and number _____

In state contact/name and number _____

Special instruction concerning your child:
